

# Another Accomplishment for Mankind

---

On November 30<sup>th</sup>, 2016, we witnessed the setting of the fountain rock at “The Vannie E. Cook Jr. CHILDREN’S CANCER and HEMATOLOGY CLINIC”. This South Texas Border Chapter Texas Master Naturalist project to design and implement a native plant Bird and Butterfly Garden at the clinic was accomplished with excellence. The STBCTMN crew assisted by outside contractors who donated their time and resources made significant strides forward on panning, improving and beautifying the new garden area

**Mobile Crane Service lifting the rock from the truck.**

**Positioning the rock in the garden.**

**Moving the rock to lower it over the garden wall.**

**Just about right!**

**Jubilations! James C. Shawn (Hoist owner) & son Jim, Mobile Crane Service laborer, Allen Williams.**

**Allen Williams giving directions to Robert Hernandez and Lorenzo Garcia.**

**Here's what needs to be done!**

**STBCTMN Project Team Members receive direction from Allen Williams.**

**James C. Shawn (Hoist owner) & son Jim Shawn**  
*"We moved it for the kids! "*

**Alan Williams (Habitat Specialist), Laura Martinez Ilgun (Executive Director VCCC), Lorenzo & Virginia Garcia, Mary Renk, Lisa Cofoid, Becky Jones, Robert Hernandez, , Ki Brush, Sylvia Casselman.**

**Let's get these set!**

**What a difference a day makes!**

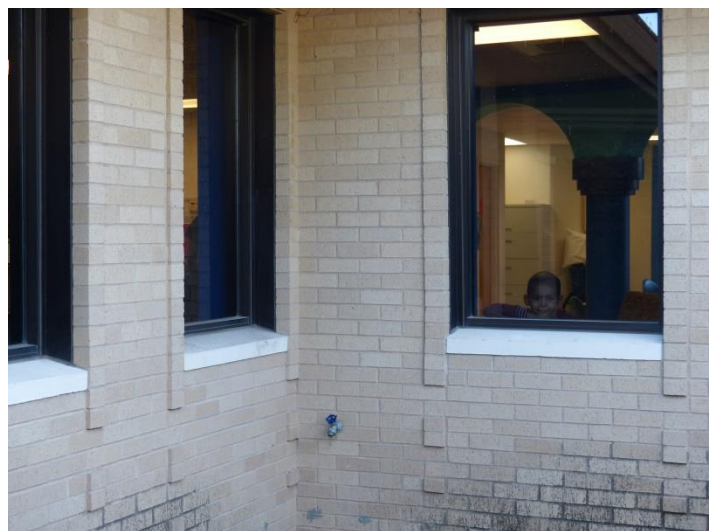

**Looking Good and Almost Done!**

**A WORTHWHILE CAUSE!**

**Success!**

*As I left I saw a young boy smiling thru the window as he looked out on the new garden taking place!*
